1. About this Deliverable

1.1. Role of the deliverable

This deliverable presents the final course materials produced under WP6 for the "AI in Everyday Life" course. Specifically, it provides the links to the recorded video lectures used across both runs of the course (Spring 2025 and Spring 2026), made available in both their English and Greek versions.

1.2. Relationship to other PINNACLE deliverables

D23 is the final output of Task T6.1 (Enrich educational materials) and the core educational foundation of WP6. It consolidates the finalized course content into a single, openly accessible reference point, supporting the project's training and engagement mechanisms and feeding into the seminars (T6.2) and the evaluation of the approach (T6.5).

1.3. Structure of this deliverable

The deliverable is organized in two parts. The first part provides the links to the recorded video lectures in their English version, and the second part provides the corresponding links in Greek. The same set of video lectures was used across both runs of the course.

2. Course material

This section provides access to the materials including the video-lectures and the quizzes used in the two runs of the "AI in Everyday Life" course (Spring 2025 and Spring 2026).

2.1. Video-lectures

The same set of recorded video lectures was used for both runs of the course. The lectures are available in both English and Greek, and can be accessed through the links below.
